FOR THE YEAR 1887—88,

BY

GENERAL SIR HARRY PRENDERGAST, K. C. B., V. C., R. E.,
*Offg. Chief Commissioner.*

## PART I.

### GENERAL SUMMARY.

*Surveys.*—The Revenue Survey commenced its operations in December 1887, and continued working in the field till the close of the season in May 1888. During the five months 82 villages, with an area of 20,549 acres, were measured. But as this result fell so far short of the forecast on which the estimated expenditure was based, the Government of India ordered the cessation of further operations on financial grounds. A small survey party was employed, as usual, throughout the year on miscellaneous survey work at a cost of Rs. 4,029 or Rs. 399 less than in 1886—87.

2. *Settlements and Waste lands.*—No fresh settlement was made during the, year, beyond the usual annual jamabandy settlement, the operations of the revenue survey being confined only to measurement. The land revenue demand under all heads amounted to Rs. 3,53,100, showing an increase of only Rs. 1,275 over the demand of the previous year.

3. A noticeable circumstance under the head of waste lands is the high price which they realized during the year under report, the average price being Rs. 97—10—0 per acre, compared with the average rate during the previous four years of Rs. 25—5—8 an acre. The extent of land sold, 568·22 acres, much exceeded the average of the previous four years, viz., 199·65 acres.

4. *Court of Wards.*—There were 44 estates, or the same number as in the previous year, under the administration of this Court.

5. *Police.*—There was no change in the constitution or strength of the force during the year. The cost amounted to Rs. 23,237 or Rs. 2,443 less than in 1886. There was again a slight increase in the number of cognizable cases, but the percentage of the value of property recovered to the value of property reported to have been lost or stolen fell very considerably. The percentage of police cases ending in conviction to cases investigated was 29·15.

6. *Criminal Justice.*—Although the number of offences reported was less than in 1886, the number of cases brought to trial and the number ending in conviction were higher than in the previous year. The percentage of acquittals to cases reported was 53 against 34 in 1886, and of acquittals to cases brought to trial 63 or nearly the same as in 1886.

7. *Prisons.*—The daily average jail population fell from 104·45 in 1886 to 89·92. The decrease is partly attributable to the number of prisoners released on the occasion of the Jubilee of Her Majesty the Queen Empress. The general health of the prisoners was better than in 1886. There were 5 deaths or two less than in 1886, and the admissions into hospital were also fewer. The total cost per head of average strength was Rs. 99-6-7 or Rs. 5—13—1 more than in 1886, but the cost of rations was slightly less. The income from jail manufactures was Rs. 9,193—5—0 or Rs. 1,141—7—0 more than in 1886.

8. *Civil Justice.*—The pecuniary jurisdiction of the two Munsiff's Courts was raised from Rs. 500 to Rs. 1,000, and the 1st Assistant Commissioner and District Magistrate has been relieved, to a great extent, of original civil work in order that he may be enabled to move about the district more freely. The number of civil suits instituted was 3,201 or 290 more than in 1886. Of these 3,114 were disposed of, the average duration of each case being somewhat less than in 1886. 805 miscellaneous applications were disposed of, leaving 37 cases pending at the close of the year. 2,903 applications for execution of decrees were dealt with leaving 269 pending. The number of appeals rose from 91 in 1886 to 128 in 1887, besides 26 appeals in the Court of the Judicial Commissioner. 17 appeals in all were left pending at the close of the year.

9. *Registration.*—There was an increase in the number of documents registered and in the fees realized, but the value of property involved was less than in 1886—87. The percentage of expenditure to income was Rs. 41·02 against 46·10 in 1886—87.

10. *Municipal.*—The income of the 5 municipalities, including the balance to credit on 1st April 1887, amounted to Rs. 32,063—7—7, and the expenditure to Rs. 20,517—14—10, leaving a closing balance of Rs. 11,545—8—9. The incidence of taxation per head of population, based on the demand, was Rs. 0—10—8 per annum.

11. *Military.*—The number on the rolls of the Coorg and Mysore Volunteer Corps rose from 219 in 1886—87 to 225 in 1887—88. The corps is under the control of the Madras Government.

12. *Production and Distribution.*—The area under cereal crops during the past 5 years has increased by only 979 acres; but the area under coffee has now reached 84,658 acres, or 12,324 acres more than the area given in the returns for 1885—86. The increase is, however, due mainly to the circumstance that a considerable extent of coffee cultivation in *bané* lands has recently been brought under assessment and included in the returns. The mortality amongst cattle was very great during the year, owing to the outbreak of a virulent type of cattle disease locally known as *dodda roga*.

13. *Forests.*—Rules under the Indian Forest Act VII of 1878 were issued after the close of the year under report. The total area of reserved and protected forests and of forests which it is in contemplation to declare protected, is about 858 square miles, or 54 per cent of the total area of the province.

14. Complete working plans have been prepared for only two forests Nalkeri and Hatgat. The scheme for laying down a tramway for the purpose of tapping these forests is now under the consideration of the Government of India.

15. The result of fire protective measures has been more successful than in previous years.

16. The Forest Department has been worked more economically during the year under report than in the preceding year, the ratio of expenditure to receipts being only 57 per cent against 74½ per cent in 1886—87.

17. *Mines and Quarries.*—There is nothing to be recorded under this head.

18. *Manufactures and Trades.*—The Mercara Pottery is the only factory of any importance in Coorg. The exports of coffee have been larger than in the previous three years, the crop being valued at 41¾ lakhs of rupees. The cardamom crop was a comparatively small one, and the price fluctuated from Rs. 40 to Rs. 100 per cwt.

19. *Public Works.*—The principal works completed during the year were:—

(1) Improvements to the jail at Mercara; (2) improvements to the 1st Assistant Commissioner's Court and Taluk cutcherry at Virajendrapet; (3) construction of a police station and post office at Wontangady.

The principal works in progress were:—

(1) Taluk cutcherry at Ponampet; (2) improvements to the palace in the fort at Mercara; (3) Improvements to the Nalknad palace.

Several roads and bridges were also under construction.

The total grant for the year under the heads of imperial and local expenditure in India was Rs. 143,100, of which Rs. 1,42,068 were expended.

20. *Post Office and Telegraph.*—Improvements have been introduced during the year in the working of the postal and telegraph departments, and an additional telegraph office has been established at Pollebetta in the centre of the planting district for the convenience of the coffee planters.

21. *Revenue and Finance. Imperial.*—The total demand for the year amounted to Rs. 8,65,599—0—5 against Rs. 7,12,005—7—10 in the previous year, being an increase of Rs. 1,53,593—8—7. The principal items of increase occurred under the heads of "sale of waste lands," "forest" and "Excise." The net surplus revenue amounted to Rs. 3,00,529—3—3 as compared with Rs. 1,30,311—7—5 in the previous year.

22. *District Funds.*—The collections amounted to Rs. 34,683—15—3, and the balance remaining for collection to Rs. 1,907—4—9, the figures for the previous year being Rs. 37,997—8—6, and Rs. 978—7—8, respectively. The expenditure was Rs. 27,209—3—8 or Rs. 1,461—4—7 more than in 1886—87.

23. *Municipal Funds.*—Referred to in paragraph 10 of the summary.

24. *Vital Statistics.*—As in previous years the ratio of births and deaths per *mille* of the population is low, and the death rate, as usual, exceeds the rate of births. This subject continues to engage the attention of the administration, and instructions have again been issued with the object of securing a more accurate record of the births and deaths occurring in the province.

25. *Medical Relief.*—The number of patients treated at the two hospitals and dispensaries was 15,302, of whom 432 were in-patients. The number of in-patients treated in the previous year was 574, and of out-patients 21,078. The decrease in the number of out-patients is probably due to the closing of the branch dispensary at Mercara, and to some extent also to the measures introduced for imposing a charge for medicines supplied to patients who are not paupers. This rule has not been enforced of late as it was found to be very unpopular.

26. *Vaccination.*—There has been a slight improvement in the operations of this department.

27. *Education.*—An appreciable increase is shown in the number of pupils attending school. There was a marked decrease in the previous year as compared with the number on the rolls in 1885—86, owing to the introduction of fees in the vernacular schools; but the subsequent increase which has followed is a hopeful indication that the reluctance to pay fees will be soon overcome.

28. Mr. D. Fitzpatrick, C. S. I., held the office of Chief Commissioner up to the 10th October 1887, on which date he was succeeded by Sir Harry Prendergast, K. C. B., V. C., R. E., who officiated as Chief Commissioner for the rest of the year. Sir Harry Prendergast made a tour through Coorg, entering the province on the 16th November and leaving it on the 10th December 1887. The Officiating Chief Commissioner paid a second visit to the south-eastern part of Coorg in February 1888, with the object of inspecting the line of the proposed tramway from Hunsur in the Mysore Province to Nagarholé in that part of Coorg.

29. Colonel T. G. Clarke continued to exercise the functions of the Commissioner of Coorg, and Mr. B. C. Leggatt those of the 1st Assistant Commissioner and District Magistrate, throughout the year.

## II. ADMINISTRATION OF THE LAND.

### SURVEYS.

5. *Revenue Survey.*—A Revenue Survey having been at length introduced into Coorg, it will be desirable to give a brief resume of the circumstances under which this measure has been adopted.

6. The need of a survey originated in the fact that, with the introduction of coffee cultivation in Coorg, the *bane* lands, which are attached to rice land holdings (*wargs*) and which were granted free of assessment in view of such lands consisting of forest or waste, being used to supply the *wargdar* with leaf manure, firewood, timber and grazing for the service of the *warg*, were becoming largely diverted from their original objects and converted into coffee estates, many of them being of considerable extent. Owing, moreover, to the grants of *bane* lands being for the most part undefined by boundaries in the *shist* or Rajah's survey, encroachments on Government unclassed forest were being freely made.

7. It was in the first instance proposed to deal with this matter by introducing rules for assessing *bane* lands cultivated with coffee; but the need of a Revenue Survey for Coorg forced itself upon the attention of the late Chief Commissioner, Sir James Lyall, who submitted proposals to the Government of India for a survey in his letter No. 325—32 of 18th May 1885.

8. A topographical survey had been carried out between 1863 and 1879 delineating the boundaries of taluks, nads and villages, as well as those of forest reserves, *devarakadus* and coffee estates formed by grants from Government waste. No permanent boundary marks were fixed, and in many cases the results of that survey in respect to coffee estates have been since lost.

9. As regards the cadastral survey, Sir J. Lyall remarked that he did not propose to touch the assessment of *wargs* held on the *jama* tenure. The object of the survey was, as regards Coorg proper, to map and measure the *wargs* of rice land, the *banes* with *hitalmanedalas*, the *urudves* (village forests) and all blocks of Government waste. In respect of the rest of Coorg, there was no hindrance to a complete survey and settlement.

10. In its reply the Government of India admitted the need of a Revenue Survey as "requisite for the proper administration of the province," and sanctioned the measure on the understanding that the work would be completed within 2 years, and would not exceed Rs. 50,000. Owing, however, to the estimate of cost being found, on revision, to exceed the above mentioned amount, the sanction had remained in abeyance until last year when, on the representation of Mr. Fitzpatrick, C. S. I.,

the Revenue Survey of the two Northern Taluks of Yelsavirshime and Nanjarajpatna was ordered to be carried out, (vide the formal sanction contained in Government of India letter—Revenue and Agricultural Department—No. 258-1-1 of 9th January 1888). The cost is roughly estimated to cost Rs. 86,400 distributed as follows :—

| | Rs. |
|---|---|
| Measuring—2 years at Rs. 35,700 per annum.. .. | 71,400 |
| Classification—one year .. .. .. | 15,000 |
| Rs.... | 86,400 |

11. The survey has been placed under the direction of the Superintendent, Mysore Revenue Survey. The field establishment was formed, on the 15th November 1887, under the charge of Mr. J. P. Barker, Deputy Superintendent, and consisted of 3 karkoons, 1 surveyor, 23 measurers and 2 learners. The number of measurers was subsequently raised to 27.

12. Operations in the field commenced on the 21st December 1887 in the Yelsavirshime Taluk. The ryots at first evinced strong opposition, being instigated, as it is believed, by designing persons. In anticipation of such difficulty, the Commissioner arranged to proceed to that taluk for his annual settlement at that time and was thus able to allay the agitation, and with the aid of the Deputy Superintendent, remove the several objections which had been urged. The opposition soon ceased, and the work has proceeded throughout the season without any obstruction on the part of the ryots, who indeed materially facilitated operations by undertaking and carrying out the work of erecting boundary marks in all surveyed villages at their own cost. Temporary peons were employed to superintend this branch of the work, and their pay has to be reimbursed by the royts. With this exception no recoveries have to be made from the ryots on account of survey boundary marks.

13. The work, which was commenced on 21st December 1887, was closed for the season on 15th May 1888 on the approach of the rains. During this period of little less than 5 months 78 villages were completely surveyed and 4 villages partially, out of a total of 169 villages in the taluk. In the Kodli Hobli the survey was completed in 44 out of 56 villages. In the Bilhad Hobli, with 40 villages, 34 were completed. The third and remaining Hobli, Nidta, with 73 villages, was not entered upon.

14. The Deputy Superintendent adverts in his report to the delay arising from the survey of the rice land holdings with their minute sub-divisions and from the multiplicity of small holdings known as *hitalmanedalas, kuras lands, wantcholas, uruguppes, urudves and devarakadus* (sacred) groves) besides coffee gardens. The measurement of these in detail has been a tedious work. This is made apparent by the fact that the 9,783 survey fields, comprised in the 82 villages surveyed, contained 1,22,386 '*Wasalus*,' the term applied to the triangular and quadrilateral figures into which survey fields are divided for measurement.

15. The total area surveyed consisted of 20,549, giving as the Superintendent of Survey estimates, an average of 1½ acres to the rice land holdings and of rather less than one acre to other kinds of holdings.

16. *Coorg Survey.*—The usual survey establishment in connection with the Madras Survey has been maintained. The establishment was employed on the usual miscellaneous work, such as surveying lands applied for under the waste land rules, and lands in which concealed or unauthorized cultivation has been discovered as well as re-surveying *devarakadus* (sacred groves) and coffee estates.

17. In the Madras Central Office, the mapping work consisted of 75 estate maps and 5 maps of *devarakadus*. There were 169 estate maps, 46 *devarakadu* maps, and 6 special survey maps lithographed, a total number of 3,094 copies being struck off.

18. The total charges in connection with these surveys amounted to Rs. 4,029—1—0 as compared with Rs. 4,428—6—0 in the preceding year.

## SETTLEMENT AND WASTE LANDS.

19. 568·22 acres of waste lands were sold under the waste land rules and realized Rs. 55,444, inclusive of the value of timber which is credited to forest revenue. The average rate obtained at the sales was unprecedentedly high, being Rs. 97—10—0 per acre including, and Rs. 79—12—0 excluding, the value of timber on the land. This rate compares very favorably with the results of the sales in previous years and indicates the increased value of land for coffee cultivation. The average rates (including timber) for the last 5 years are shown below :—

| | Total average sold. | Total proceeds including timber. | Average per acre. |
|---|---|---|---|
| 1883—84 ... ... | 192 | 4,742 10 4 | 24 12 4 |
| 1884—85 ... ... | 333 | 2,756 0 0 | 8 4 5 |
| 1885—86 ... ... | 31·64 | 655 6 0 | 21 0 0 |
| 1886—87 ... .. | 241·98 | 11,466 15 6 | 47 6 0 |
| 1887—88 ... ... | 568·22 | 55,444 0 0 | 97 10 0 |

In 1884—85 the land (exclusive of the timber value) sold at an average of 2—8—11 per acre as compared with Rs. 79—12—0 in the year under report. The sale proceeds of other lands, either sold for building sites or the value of which on unauthorized occupation was recovered, amounted to Rs. 4,457—6—7.

20. The land revenue demand under all heads amounted to Rs. 3,53,100-7-10, being a net increase of Rs. 1,275—0—2 over that of the previous year. The details are exhibited in the subjoined table.

## GOVERNMENT ESTATES.

21. Nil.

## WARDS' ESTATES.

22. There were 44 wards on the register of the Court of the Commissioner and District Judge during the year, and of these 6 were discharged on attaining their majority. No addition was made to the number of wards under the control of the Court.

## III PROTECTION.

23. Vide paragraph 55 of the report for 1882—83.

## COURSE OF LEGISLATURE.

24. Coorg is one of the Scheduled Districts under Act XIV of 1874 which was extended to the province on 22nd February 1875.

25. The provisions of 33 Vic. Cap. 3, Section 1 (to make better provision for making laws and regulations in certain parts of India) were made applicable to Coorg from 1st October 1877.

26. The following Acts have been extended to Coorg during the year under report:—

The Indian Forest Act VII of 1878.

The Land Improvement Loans Act XIX of 1883.

The Agriculturists' Loans Act XII of 1884.

Certain sections of the Bombay Land Revenue Code of 1879, for the purpose of the Revenue Survey.

## POLICE.

27. The following statement shows the number of cognizable cases reported to the Magistrates direct, and through the Police, during the years 1886 and 1887:—

| Class. | Offences. | 1886. | 1887. | Increase. | Decrease. |
|---|---|---|---|---|---|
| I. | Offences against the state, public tranquillity, safety and justice ... ... ... | 3 | 16 | 13 | ... |
| II. | Serious offences against person ... ... | 70 | 125 | 55 | ... |
| III | Do against person or property ... | 64 | 107 | 43 | ... |
| IV. | Minor offences against person ... ... | 25 | 26 | 1 | ... |
| V. | Do do property ... ... | 469 | 420 | ... | 49 |
| VI. | Other offences not specified above ... ... | 122 | 93 | ... | 29 |
| | Total..... | 753 | 787 | 112 | 78 |

28. The number of cases disposed of under the proviso of section 157 of the Criminal Procedure Code was 136 in 1887 against 214 in 1886. 662 cases, including 11 cases pending before the Courts from the previous year, were returned as true. The number of cases ending in conviction was 243. The Police investigated 590 cases out of those reported. The percentage of Police cases ending in conviction to cases investigated was 29·15.

29. During the year the Police were employed to make enquiry in 64 non-cognizable cases against 39 in 1886. The attention of the Magistracy has been called to the increase in the number of cases referred to the Police, which is unsatisfactory.

30. The Police arrested 789 persons during the year under report against 531 in 1886. 185 persons were released without being brought before a Magistrate. 276 persons or 44·95 per cent were convicted out of those sent up by the Police for trial, against 267 or 56·50 per cent in 1886.

31. The number of cases in which property was stolen was 115 against 65 in 1886. The value of property reported to have been stolen and the value of that recovered were Rs. 7,462 and Rs. 2,150, respectively, against Rs. 2,931 and Rs. 1,623 in 1886. The percentage of value of property recovered to value of property lost fell in consequence from 55·37 in 1886 to 28·81 in the present year. The District Magistrate has however expressed an opinion that the value of the property alleged to have been stolen may have been overstated.

32. There was no change in the constitution or strength of the Police force during the year. The total cost of the force amounted to Rs. 23,237 against Rs. 25,680 in 1886. The decrease is due chiefly to the savings in the salaries and to the fact that only summer clothing and turbands were supplied to the force in 1887.

## CRIMINAL JUSTICE.

33. There was no change in the number of Criminal Courts during the year.

34. The subjoined statement shows the number of offences reported, the number of cases returned as true, number of cases brought to trial, and persons acquitted and convicted as compared with the results of the previous year.

| Year. | Number of offences reported. | Number of cases dismissed without issue of process. | Number of cases returned as true. | Pending from last year. | | Number brought to trial. | | Total. | | Number acquitted. | | Number convicted. | | Pending. | | Ratio of offences to population. |

| Decrease... | 638 | 148 | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ·2 |

35. The decrease in the number of offences reported is mainly due to the large reduction in the number of cases instituted under Act XIII of 1859, 798 complaints under the above Act being preferred in 1887 as against 1,529 in 1886.

36. The following statement shows the percentages of convictions and acquittals to cases reported and brought to trial :—

| Year. | Percentage of convictions to cases reported. | Percentage of acquittals to cases reported. | Percentage of convictions to cases brought to trial. | Percentage of acquittals to cases brought to trial. |
|---|---|---|---|---|
| 1887 ... | 28 | 53 | 33 | 63 |
| 1886 ... | 20 | 34 | 36 | 62 |

37. The classification of offences brought to trial is shown in the subjoined statement :—

| Name of District. | Against the state and public justice. | Against the person. | Against property. | Other offences under the Indian Penal Code. | Offences under the special and local laws. | Total. |

38. Out of 5 European British subjects accused and brought before the Courts during the year, one was charged with rioting, one with hurt, one with assault and two with mischief. One was discharged and the remaining four were sentenced to pay fines. None of them claimed to be tried by a jury.

39. In the Court of Sessions the number of cases brought to trial remained the same as last year viz., 31 ; but the percentage of cases in which convictions were obtained was 79·31 against 55·17 in 1886.

40. Including pending cases there were 69 appeals before the District Magistrate's Court and 11 appeals before the Sessions Court, making a total of 80 cases. Of these one was rejected, sentences were confirmed in 33, modified in 12 and

reversed in 28 cases, and 6 appeals were pending at the close of the year. The average duration of each appeal was 14 days in the District Magistrate's Court and 11 days in the Sessions Court, the figures being 12 and 7 respectively in 1886.

41. During the year under review the number of appeals in the Judicial Commissioner's Court rose from 5 to 15. 9 appeals were rejected summarily. The sentences appealed against were confirmed in one case, modified in one case and reversed in 2 cases.

42. Two appeals were left pending at the close of the year. The average duration of each appeal was 19·46 days against 17 days in 1886.

43. Four cases were submitted by the Sessions Judge for confirmation of sentence of death as against two in the previous year. The sentences in 3 cases were confirmed, and in the remaining case the sentence was commuted to transportation for life.

44. The number of cases, which came up before the Judicial Commissioner in the exercise of his revisional jurisdiction, was 15 as against 18 cases in the previous year.

The manner of their disposal is set forth below:—

| | |
|---|---|
| Sentences or orders confirmed .. .. .. | 4 |
| Do enhanced .. .. .. .. | 0 |
| Do reduced or altered .. .. .. | 2 |

## PRISONS.

47. The aggregate number of persons confined in the Mercara Jail and the Lock-ups during the year was 1,058, the daily average number being 89·92 against 1,126 and 104·45 respectively in 1886.

48. The prisoners in the Mercara Jail comprised—

| | |
|---|---|
| Convicts .. .. .. .. .. | 317 |
| Under trial .. .. .. .. | 243 |
| Civil debtors .. .. .. .. | 38 |

and in the lock-ups there were—

| | |
|---|---|
| Convicts .. .. .. .. .. | 44 |
| Under trial .. .. .. .. | 416 |
| | 460 |

49. The number of cases in which offences against jail rules were punished rose from 47 in 1886 to 59 in the past year. Corporal punishment was inflicted in 3 cases, as compared with 9 cases in the year previous. In the remaining cases the offences were punished as follows:—

| | No. |
|---|---|
| Solitary confinement .. .. .. .. .. | 8 |
| Reduced diet .. .. .. .. .. | 14 |
| Solitary confinement with reduced diet .. .. .. | 5 |

| Warned .. .. .. .. .. .. | 9 |

50. On the occasion of Her Majesty the Queen Empress' Jubilee, which was held on the 16th February 1887, 45 prisoners were released, and in the case of 36 others their sentences were remitted. The convicts released consisted of—

(a) ten per cent of the total jail population, grave offenders being excluded;

(b) all whose sentence would expire on or before 20th June 1887, as well as all females sentenced to not more than two years' imprisonment.

Under class (a) 9 convicts were released, and under class (b) 36 male and female prisoners were released.

51. In the case of those whose sentences were partially remitted, the remissions were granted on the following scale :—

| Do | do | 6 months and up to 1 year | .. | 1 month |
| Do | do | 1 year .. | .. | 1 month |

for each year of sentence. Two civil debtors were also released.

There were 5 deaths in the Jail during the year under report as against 7 in the previous year. There have been fewer admissions into the Jail Hospital and the general health of the prisoners may be, therefore, said to have been good.

52. The total expenditure on the Mercara Jail was Rs. 8,674 as compared with Rs. 9,417—12—6 in 1886.

53. The expenditure in connection with the lock-ups amounted to Rs. 265—3—11 being Rs. 92—15—4 less than in 1886.

54. The total cost per head of average strength was Rs. 99—6—7, and the cost of rations per head was Rs. 39—6—1, against Rs. 93—9—6 and Rs. 40—3—5 respectively in the previous year.

55. The total income from manufactures in the Mercara Jail amounted to Rs. 9,193—5—0 against 8,051—14—0 in the year previous, being Rs. 1,141—7—0 in excess.

56. The average earning per head of average number of prisoners sentenced to labor, and of those actually employed in the manufactures, was Rs. 61—15—0 and Rs. 135—1—0 respectively, the figures being Rs. 50—4—7 and Rs. 117—4—6 in the previous year.

## CIVIL JUSTICE.

57. There has been no change during the year in the number of the Courts exercising civil jurisdiction in Coorg, which remains at 16.

58. The pecuniary jurisdiction of the 2 Munsifs' Courts, which was previously limited to Rs. 500 in original cases, was raised to Rs. 1,000 under the provisions of the Coorg Courts Regulation No. II of 1881, as amended by Regulation No. I of 1885, with effect from the date of the Chief Commissioner's Notification No. 2 of the 20th January 1887.

59. With the object of enabling the 1st Assistant Commissioner, who is also District Magistrate and Superintendent of Police in Coorg, to travel about the District more freely, it was further directed, under instructions from the Chief Commissioner, that so far as practicable, he should be relieved of the disposal of original civil suits during the touring season. Accordingly all original cases of value exceeding Rs. 1,000 and not exceeding Rs. 3,000 are now filed in the 2nd Assistant Commissioner's Court, and as occasion arises, cases are transferred to the 1st Assistant Commissioner's Court by the District Judge, under section 25 of the Code of Civil Procedure.

60. The number of suits instituted during the year was larger than that reached in any previous year, the increase being exclusively in the Munsifs' Courts,

61. The following table exhibits the number of suits instituted in the several classes of Courts during the past and previous years:—

| Class of Courts. | 1886. | 1887. | Increase. | Decrease. |

64. The number of miscellaneous applications for disposal was 842, including 48 cases pending from the previous year; of these 805 were disposed of leaving 37 cases pending at the close of the year.

65. The number of applications filed in the several classes of Courts for execution of decrees, including 310 pending at the close of the year 1886, was 3,172, or 285 more than in the year previous. 2,903 cases were disposed of leaving a pending file of 269 cases at the end of the year.

69. Four regular appeals were filed in the Judicial Commissioner's Court, of which one was disposed of, and out of 22 second appeals preferred 16 were disposed of leaving 6 second appeals pending at the close of the year.

## REGISTRATION.

70. The number of documents of all descriptions registered during the year was 1,038 being 343 in excess of that of the previous year; and the fees (including penalties) realized thereon amounted to Rs. 5,115—4—0, being Rs. 720—12—0 more than in 1886—87.

71. The value of property involved was less than in the previous year, being Rs. 11,46,027—4—11 as compared with Rs. 12,92,930. The figures in 1886—87 were exceptional and due to a few transactions affecting large coffee estates which changed hands.

72. The number of documents registered relating to immovable property of Rs. 100 and upwards was 739 against 481 in 1886—87, the percentage to total registration being 71·19.

73. The number of documents registered relating to immovable property of less than Rs. 100 was 39 as compared with 75 in the previous year, and the number of documents relating to movable property registered was 255 against 138 last year. Under the provisions of the Transfer of Property Act, the distinction between documents relating to immovable property, of which registration is optional and otherwise, is no longer maintainable.

74. The following figures denote the nature of the transactions which have been the subject of registration during the past two years :—

| | 1886. | 1887. |
|---|---|---|
| Sale of immovable property .. .. | 244 | 433 |
| Mortgage of do .. . | 268 | 291 |
| Leases .. .. .. | 9 | 12 |

75. The average time occupied in completing the registration of documents amounted to 1 day and 8½ hours as compared with 1 day 13½ hours in 1886-87.

76. The receipts for the year amounted to Rs. 5,115—4—0 and the expenditure to Rs. 2,098—6—8, the percentage of expenditure to income being thus 41·02 against 46·10 in 1886—87.

## MUNICIPAL.

78. *Mercara.*—The total demand amounted to Rs. 12,427—4—1, of which the following are the principal items :—

79. Out of the demand Rs. 11,608—14—6 were collected up to 31st March 1888.

80. The receipts during the year show a decrease of Rs. 2,850—5—8 as compared with those of the previous year, in which, however, the collections were largely augmented by arrears of previous years brought to book.

81. The expenditure amounted to Rs. 10,578—2—9 inclusive of the cost of medicines supplied from the Madras Medical Stores, and comprised the following principal items :—

| | | | | |
|---|---|---|---|---|
| 1. | Cost of establishment and collection | 1,019 | 14 | 0 |
| 2. | Conservancy | 2,779 | 8 | 8 |

82. With the aid of a grant-in-aid from general revenues a disused police station was purchased from Government and converted into a tamil school.

83. *Virajendrapet.*—The demand in this municipal town amounted to Rs. 10,220—15—3, comprising the following principal items :—

| | | | |
|---|---|---|---|
| House tax | 2,171 | 12 | 0 |
| Mohatarfa | 1,477 | 3 | 9 |

| Market fees | 1,239 | 7 | 0 |

84. The expenditure amounted to Rs. 8,378—8—10 being Rs. 528—10—5 in excess of that of 1886—87.

85. The following are the chief items of expenditure :—

| | | | |
|---|---|---|---|
| Establishment and collection | 432 | 0 | 0 |
| Conservancy | 1,696 | 7 | 11 |
| Lighting | 403 | 14 | 0 |
| Schools | 2,005 | 4 | 4 |
| Dispensary | 2,518 | 9 | 3 |
| Works | 906 | 0 | 0 |

86. In the minor municipalities the income is derived almost wholly from the trade tax (*mohatarfa*) and market fees, and is expended mainly upon conservancy. During last year, for the first time, these municipalities have made grants, in aid of the schools established in the towns.

87. The average incidence of taxation per head of population in all the five municipalities was Rs. 0—10—8, the computation being based on the actual demand.

## MILITARY.

88. *Coorg and Mysore Rifle Volunteers.*—There was a slight increase in the strength of the corps during the year under report, the number of enrolled members being 225 against 219 in the previous year.

89. A Camp of Exercise was held at Mercara from the 15th to the 27th April 1887, and the corps was inspected by the Major-General Commanding the Bangalore Division. Later on a meeting of the West Mysore Company was held at Chickmaglur, and the attendance on both occasions was fairly good.

90. During the year the following retirements amongst the officers took place owing to change of residence, viz.—

Lieut. E. P. Brown. | Lieut. W. H. Scott.

## IV. PRODUCTION AND DISTRIBUTION.

### AGRICULTURE.

92. The area of land under rice crops is returned as 73,903 acres, and under dry and garden cultivation 1,536 acres. The corresponding figures in 1882—83 were 73,028 and 1,432 acres respectively.

93. The area under coffee exhibits a further increase of 4,088 acres, the total extent of coffee land being now 84,658 acres, as compared with 72,334 acres in 1885—86. As shown in last year's report, coffee cultivation in *banés* was assessed for the first time in that year, and the increase in the past year consists chiefly of an area of 4,269 acres of *bané*, which though cultivated with coffee, is exempted from assessment under the rules, and on this account has been hitherto excluded from the returns.

94. The extent of assessed coffee land held by Europeans and natives respectively is as follows:—

| | Acres. |
|---|---|
| European estates .. .. .. .. | 39,239 |
| Native „ .. .. .. .. .. | 41,150 |
| | 80,389 |
| Add | |
| *Bane* land cultivated but not assessed .. .. .. | 4,269 |
| | 84,658 |

### EXPERIMENTAL CULTIVATION.

95. Favorable reports have been received of the "St. Michael Orange and Jamaica Lemon," plants which were obtained from the Government gardens and distributed in 1885 for experimental cultivation. The Revd. G. Richter at Mercara reports that a number of cuttings have been taken and established.

96. The "*Erythroxylon Cocao*" plants supplied at the same time have also grown well, and from seeds of these plants 25 seedlings have been raised.

97. *Tunisian Date Palm.*—On application from this office in compliance with the suggestions made by Doctor E. Bonavia, the Director, Botanical Department, Northern India, has supplied in March last, 3 lbs. of the seed of the *Tunisian Date palm*, and it has been distributed to the Deputy Conservator and several gentlemen (European and native) in North and South Coorg for experimental cultivation.

### LABOR.

98. The demand for labor on the coffee estates was well maintained during the year. The supply from the Mysore country is more uncertain than formerly, but labor is readily procured from Malabar and South Canara. The rates of wages have undergone no change.

### LIVE STOCK.

99. Cattle disease of a virulent type has prevailed throughout the province with disastrous results. The rinderpest, known locally as the "*Dodda Roga*" (great disease) seems to have entered Coorg at the north eastern frontier from Mysore about December 1887, and caused great havoc among the large herds in the Ramaswamikanvé Hobli, where cattle breeding is carried on to a considerable extent. It rapidly spread and so fatal have been its effects that there is hardly a ryot in the country who has not suffered heavily by the loss of his cattle. It became necessary later, during the cultivating season, to apply and obtain the sanction of the Government of India to a sum of Rs. 10,000 being disbursed as advances to the ryots for the purchase of cattle. It was anticipated that with the first fall of the S. W. monsoon rains, the disease would rapidly disappear, but such unfortunately has not been the case.

100. A serious feature in this epidemic has been the want of any effective means for coping with it. In nearly all the cases which came under notice, segregation of the infected cattle had not been carried out, notwithstanding that this measure had been pressed upon the people. They represented, however, that the disease spread so rapidly that the herds were all infected and separation became useless. The remedies usually tried had failed, and indeed, on European estates, a large percentage of the infected cattle succumbed. In such circumstances the services of an Agricultural Inspector would have been of the greatest advantage; but while the same disease was prevailing in the Mysore and Madras Districts adjoining, it was hopeless to expect that the services of such an officer, if asked for, could have been spared.

101. The returns for the year under report give the mortality among cattle as 7,874, being 2,775 in excess of the number returned in the previous year. These figures are probably below the mark, for there was great mortality amongst cart bullocks engaged in the carrying trade, and not belonging to people of this District. These must have largely escaped enumeration.

## WEATHER AND CROPS.

102. The rainfall registered during the year under report is as follows:—

| | Inches. | Cents. |
|---|---|---|
| At Mercara .. .. .. | 136 | 42 |
| „ Somavarpet .. .. .. | 95 | 98 |
| „ Anandapur (S. Coorg) .. .. | 78 | 16 |
| „ Fraserpet .. .. .. | 40 | 22 |
| On the Western Coast (Kadawakal) .. | 255 | 12 |

The rainfall on the Mercara plateau was above the average, the mean for the past 10 years being 131·57 inches.

103. The "blossoming showers" usual in March failed throughout the province, and further mischief was done to the coffee crop by heavy showers which fell upon the blossom in April 1887.

## HORTICULTURE.

104. The practice exists of planting cinchona in coffee estates, but the plants are usually grown in localities where coffee does not thrive whether from excessive exposure or unsuitability of soil. Ordinarily the cinchona is cultivated as subsidiary to the coffee, but in the Manjakolli estate at the head of the Sampaji Ghat, the principal cultivation is cinchona, which thrives well at that altitude.

105. The area under cinchona is based on the computation of 800 trees to an acre. According to the returns furnished, the area planted with cinchona during the year under report was 1,971½ acres. The outturn of bark amounted to 87,874 lbs.

## FORESTS.

106. Rules were framed under Act VII of 1878, but have not yet been sanctioned.

*Areas.*—The Kattebetta forest is left out of the list of reserved forests, not having been declared as reserved. This deduction, with 3 other small deductions, reduce the area of reserved forests from 242 square miles to 241 square miles.

107. The area of protected forests on the Ghats is computed at 309 square miles; that of the *urudvés* (literally, village forest) 15 square miles; and that of *paisaries* and *devarakadus* (sacred jungles) about 293 square miles.

108. The total area of reserved and protected forests and those which it is proposed to protect is therefore about 858 square miles or 54 per cent of the total area of the province.

109. *Boundaries.*—The boundaries of the eastern deciduous forest were cleared and examined.

110. *Surveys.*—No work was done under this head.

111. *Working Plans.*—The working plan of the Nalkeri-Hatgat forests, 53,595 acres, was revised on the area system. The Mawkal forest, 8,287 acres, was divided into compartments and a portion of them described, but the work was interrupted owing to press of other work.

112. *Breaches of Forest Law.*—Only 8 cases were prosecuted, in 7 of which convictions were obtained, one was pending at the close of the year.

113. *Forest fires.*—Owing to the rain of the north-east monsoon continuing till late into the cold weather, and to the dry east winds being less violent than usual, fires were not so bad as usual. Greater efforts were also made to ensure protection by scraping the grass from the inner fire-paths on the eastern line in order to burn them off more safely. There were, however, 22 jungle fires in the reserved forests, many of which must have been put in. Out of 1,28,634 acres attempted to protect, 1,24,375 were protected or 96·69 per cent—a better result than has been obtained for many years.

114. *Grazing.*—Grazing was given free to 1,372 Amrat Mahal cattle and 12,886 ryots' cattle representing a value of Rs. 10,693.

115. *Plantations.*—The areas planted were:—with teak 96 acres; sandal 36 acres and with fuel 10 acres, making with those planted in previous years a total of 1,275 acres, viz:—

789 acres teak
371 „ sandal
115 „ fuel.

Forest weeding and creeper cutting operations extended over an area of 1,448 acres at a cost of Rs. 250.

116. *Communications.*—On the Hunsur-Nagar holé road 6 miles were traced and formed, and some portions traced the previous year were drained. Nearly the whole of this road, 25 miles in length from Nallur channel to Nagar holé, is now on easy gradients, but much remains to be done in draining, barrelling and gravelling it.

117. Other tracks were repaired and cleared as usual. The question of constructing a light railway from Hunsur to Nagar holé was discussed and reported on by the Executive Engineer.

118. *Buildings.*—The godowns of the Kutompole bungalow were finished and a new tiled house was built at Herikeré for the use of the forester in charge. Old buildings were repaired as usual.

119. *Yield of the Reserved Forests.*—The number of trees felled departmentally was 1,739=3,192 logs=92,323 cubic feet, as against 2,294 trees=1,14,978 cubic feet in the previous year.

120. The quantity removed to depot was 2,761 logs and 723 scantlings=75,908 cubic feet as against 3,704 logs=86,972 cubic feet in the previous year. Both the fellings and collections were less, the former, purposely, because of the large stocks remaining in the forests (4,323 logs=1,07,759 cubic feet) and the latter on account of the prevalence of murrain among the cattle.

121. The number of bamboos brought to depot was 9,445 as against 12,650 in the previous year.

122. Removed by purchasers from reserved forests:—

| | |
|---|---|
| Trees .. .. .. .. | 279 |
| Miscellaneous poles (thinnings).. .. .. | 3,241 |
| Firewood (cart loads) .. .. .. | 2,997 |
| „ (head „ ) .. .. .. | 190 |
| Bamboos .. .. .. | 2,08,186 |

123. The total realizations in money from the produce of the reserved forests were Rs. 83,832.

From unreserved forests—

| | |
|---|---|
| Trees .. .. .. .. | 23 |
| Firewood (cart loads) .. .. .. | 2,252 |
| „ (head loads) .. .. .. | 9,211 |
| Sticks (cart loads) .. .. .. | 8 |
| Reeds (head loads) .. .. . | 14 |

were removed by purchasers, for which Rs. 970 were realized.

124. Rs. 6,132 was recovered on account of timber on lands granted for cultivation.

125. The free grants from *urudvés* and *paisaries* amounted in value to Rs. 502.

126. *Sandalwood.*—This is collected from unallotted Government land and cultivated land, very little being found in the forests proper. 3,493 trees yielding 79½ tons, were collected and prepared at a cost of Rs. 2,210 or Rs. 27—12—10 per ton as compared with Rs. 29—7—8 per ton in the previous year.

127. The quantity of sandalwood sold was 74½ tons realizing Rs. 24,863.

128. *Cardamoms.*—Forty-one new *malles* were leased for Rs. 1,559—3—0 for the first term 6 years; Rs. 2,349—3—0 for the 2nd term 7 years; and Rs. 3,316—11—0 for the 3rd term of 7 years.

129. The receipts from the leases of *malles* were Rs. 26,351—12—7 as against Rs. 28,377—9—3 in the previous year, in which considerable outstandings were recovered.

130. *Financial Results.*—The revenue was Rs. 1,27,028, the expenditure Rs. 72,629 giving a surplus of Rs. 54,399. The expenditure was thus 57 per cent of the revenue.

131. The value of stock remaining in depots was Rs. 16,584 less than at the end of the previous year; on the other hand the amount of recoverable outstanding was Rs. 13,191—8—1 more.

132. The results were therefore satisfactory, the receipts being Rs. 26,028 better than the estimate.

133. There is reason to think that the demand for Coorg timber will continue and will not improbably increase, so that it may be anticipated that forest revenue will be on the average higher during the next decade than it has been in the past.

## MINES AND QUARRIES.

134. Allusion was made in last year's report to the existence of auriferous quartz reefs in Coorg. These reefs are on private property and no information has been furnished as to the results of any measures that have been taken to examine them.

## MANUFACTURES.

135. The Mercara Pottery owned by Mr. East is the only factory on a large scale in Coorg. It employs 48 workmen.

136. The hand looms and small manufactures are returned as follows:—

| | |
|---|---|
| Cotton looms .. .. .. .. .. | 129 |
| Other „ .. .. .. .. .. | 5 |
| Pot and tile works .. .. .. .. .. | 80 |
| Carpentry works .. .. .. .. .. | 90 |
| Iron works .. .. .. .. .. | 80 |
| Brass and copper works .. .. .. .. | 20 |
| Goldsmiths .. .. .. .. .. | 90 |
| Leather.. .. .. .. .. .. | 50 |

## TRADE.

137. *Exports. Coffee.*—The exports of coffee produced in Coorg for the past 5 years are as follow:—

| | Tons. |
|---|---|
| 1883—84 .. .. .. .. .. .. | 5,109 |
| 1884—85 .. .. .. .. .. .. | 4,007 |
| 1885—86 .. .. . .. .. .. | 3,377 |
| 1886—87 .. .. .. .. .. .. | 3,631 |
| 1887—88 .. .. . .. .. .. | 4,662 |

These figures are obtained from the Toll-Gate contractors and are probably understated.

138. The average selling price locally being taken at Rs. 45 per cwt. as in the preceding year, the coffee crop for 1887—88 is valued at about 41¼ lakhs.

139. The quotations of the coffee market were well maintained up to the end of January 1888, when the price showed a tendency to fall, and before the close of the official year it fell to Rs. 36½ per cwt., the result being heavy losses to the local traders.

140. *Cardamoms.*—The cardamom crop was a small one, the outturn, as shown by the export returns, being 580 cwts. as compared with 940 cwts. in the previous year. The selling price, which was about Rs. 160 per cwt. at the close of 1886—87, fell to Rs. 40 per cwt. in June 1887, but rose again in January 1888 to Rs. 100. This commodity is subject to great fluctuations in price.

141. *Grain.*—The rice crop was a poor one, much injury having been done by the failure of the rains in August. The selling price of rice, which was at the rate of 20 seers per rupee in April 1887, rose subsequently to the rate of 16 seers per rupee.

142. *Imports.*—Among the articles imported into the province during the year, agricultural implements, animals, fruit, spices and sugar mainly exhibit an increase. There was a decrease in the import of salt, owing apparently to the selling price on the Coast having been enhanced by Government.

## PUBLIC WORKS.

143. The amount originally allotted for expenditure on Imperial Civil Works during the year under report was Rs. 1,24,600; of which a sum of Rs. 5,000, being the provision for constructing bridges across the Hutty and Madapur rivers, was subsequently withdrawn by the Government of India. But the balance of the grant was revised, increased and distributed as follows under Government of India Public Works Department Resolution No. 111—A. G., dated 19th March 1888. Vide also Statement No. I appended to this report.

| | | | |
|---|---|---|---|
| Revised grant .. . .. . | | Rs. | 1,20,200 |
| Deduct { Expenditure in England .. .. | | „ | 1,500 |
| { Loss by exchange .. .. | | „ | 600 |
| Net expenditure in India .. .. .. | | | 1,18,100 |

Against the modified grant of Rs. 1,18,100 for expenditure in India, the outlay incurred amounted to Rs. 1,17,099 showing a lapse of Rs. 1,001. The Executive Engineer, however, states that this short outlay would have been reduced to Rs. 560, had the Civil Department presented a claim for Rs. 441, being the value of timber supplied to the Public Works Department during the year.

### CIVIL BUILDINGS.

144. *Original Works.*—Against the revised grant of Rs. 11,500 under this head Rs. 11,860 were expended, the small excess of Rs. 360 being met from the savings on other items of the budget estimate. Vide Statement No. IV.

(*a*) *Works completed during the year.*

(1) Improvements to the jail at Mercara.

(2) Do to the 1st Assistant Commissioner's Court and Taluk Cutcherry at Virajpet.

(3) Constructing a Police station with Post office at Wontangady.

(*b*) *Works in progress during the year.*

(1) Constructing a Taluk Cutcherry at Ponampet.

(2) Improvements to the Palace in the Fort, Mercara.

(3) Do to the Nalknad Palace.

145. CIVIL BUILDINGS. *Repairs.*—The buildings placed under repair during the year were eighteen in number, and the outlay amounted to Rs. 4,359 against a revised grant of Rs. 3,800; the excess expenditure of Rs. 559 being balanced by savings on the budget estimate. Vide Statement No. II.

COMMUNICATIONS.

146. *Original Works.*—Out of the revised grant of Rs. 16,700 under this head, Rs. 12,710 have been expended. The lapse was due chiefly to short expenditure upon Virajpet-Periapatam road owing to a difficulty in obtaining labor for the work, and to a balance of Rs. 1,573 remaining unspent under original minor works communications. Vide Statement No. IV.

(*a*) *Opening out the Virajpet-Periapatam Road.*—Against the allotment of Rs. 6,300 for this work, Rs. 4,995 were spent during the year and the balance lapsed owing to scarcity of labor. On this road there remains to be carried out the work of constructing 7 culverts and of completing the metalling and the earth-work of the Guttadahulla bridge.

(*b*) *Constructing a bridge across the Cauvery at Siddapur.*—There was an outlay of Rs. 3,799 on this work, against an allotment of Rs. 4,300. The construction of the parapet walls to the bridge was completed, while the sand and nearly one-third of the metal required for its approaches were collected during the year.

(*c*) *Making additions to the approaches to the Siddapur bridge.*—This work was almost completed during the year, the outlay being Rs. 1,168 against an allotment of Rs. 1,400.

(*d*) *Re-constructing the Mavinhalla bridge on the approaches to the Periambody Ghaut.*—The timber trusses having decayed, this old bridge was temporarily supported to avoid danger to traffic. Materials have been collected at an outlay of Rs. 762, for a new superstructure. A plan with iron rolled beams and plank roadway has been adopted.

147. COMMUNICATIONS. *Repairs.*—The original grant of Rs. 47,900 was subsequently raised to Rs. 48,900; of which Rs. 48,510 were expended. Vide Statement No. II. The Imperial roads generally were maintained in good order throughout the province; but during the latter part of the monsoon of 1887 the last 4½ miles of the Mercara-Siddapur road were in bad order. This road, which is an earth road, requires to be metalled to keep it in good condition.

148. *Establishment.*—Out of the modified grant of Rs. 38,200 under this head a sum of Rs. 37,975 was expended showing a lapse of Rs. 225. The percentage of establishment to works was Rs. 49·01 or 3·56 less than that of the previous year.

149. *Tools and Plant.*—Excluding from the revised grant of Rs. 3,100 under this head, a sum of Rs. 250 on account of expenditure in England and Rs. 100 to cover loss by exchange on tools indented for from England, the grant left for expenditure in India stood at Rs. 2,750, of which Rs. 2,504 were expended exhibiting a lapse of Rs. 246.

150. *Military Works.*—The modified grant under this head as shown in letter No. 665, dated 2nd July 1888, from the Accountant General, Public Works Department, to the Examiner, Public Works Accounts, Madras and Coorg, was Rs. 4,000, and the outlay incurred on account of the following works amounted to Rs. 3,988. Vide Statement No. VI.

(1) Constructing quarters for the Sergeant Instructor at Chickmaglur.

(2) Rent of quarters for the Sergeant Instructors at Polybetta and Chickmaglur.

151. *Incorporated Local Funds.*—Against the budget allotment of Rs. 21,000 the expenditure amounted to Rs. 20,981. Vide Statement No. V.

The following are the principal works that were in progress during the year :—

(a) Opening out a dry weather road from Amatty to Tittimatti.

(b) Constructing a bridge across the Komey Holey stream on the Amatti-Murnad road.

(c) Converting the old Nad cutcherry at Siddapur into a travellers' bungalow.

(d) Repairs and improvements to the travellers' bungalow at Watecolly.

152. *General Observations.*—It is satisfactory to note that the expenditure in India during the year on imperial and local works amounted to Rs. 1,42,068 or Rs. 17,293 more than the total outlay of the past year. But it is much to be regretted that the Government of India have been unable to continue the grant for the following year at the same figure.

## POST OFFICE AND TELEGRAPH.

153. The Coorg District Post, which comprised in 1885—86, 6 sub-offices, 13 branch offices, 18 village circles, 6 letter box stations, 4 mail lines and 5 branch lines, has undergone some little modification during the year under report.

154. The sub-offices at Somavarpet, Napoklu and Sanivarsante were reduced to 1st class branch offices, and on the other hand the branch office at Siddapur, which is the centre of a large group of European and native coffee estates, was converted into a sub-office.

155. Gonicopal and Siddapur have been included in the list of selected sub-offices, thus increasing the facilities for money orders.

156. Sub-Savings Banks have been also constituted at Pollebetta, Gonicopal and Siddapur.

157. An additional telegraph office has been established at Pollebetta in the centre of the South Coorg planting district, for the convenience of the planters. It is in contemplation to extend the line from Pollebetta to Gonicopal, which is becoming a trade centre in South Coorg.

158. The receipts from sale of postage stamps during the year amounted to Rs. 28,282—5—3, of which Rs. 22,085 were derived from ordinary labels, and 6,197 from service labels. The receipts from ordinary labels in 1885—86 amounted to Rs. 16,357, and in 1886—87 to Rs. 18,662—14—9.

159. The total amount debited to Post Office was Rs. 14,625—13—4. The charges debitable to the District Post amounted to Rs. 8,505—8—1 for the year under report.

162. The following are the principal items which exhibit an increase:—

| | | | | |
|---|---|---|---|---|
| Coffee assessment... | ... | ... | ... | 5,169 7 10 |
| Sale proceeds of waste lands | ... | ... | ... | 88,946 10 2 |

| Abkari ... | ... | ... | ... | 43,105 12 3 |
| Miscellaneous revenue | ... | ... | ... | 14,641 14 10 |

163. *Land Revenue.*—Under the head of ordinary land assessment the demand amounted to Rs. 1,78,696—4—11 as compared with Rs. 1,79,086 (omitting fractions) in 1886—87, and Rs. 1,77,623 in 1885—86.

164. *Casual Land Revenue.*—The demand under casual land revenue was Rs. 39,187—6—4 in excess of that of the previous year, the increase being noticeable chiefly under the heads of sale proceeds of waste lands which realized high prices.

165. *Forests.*—The demand under this head was Rs. 1,48,978—7—11 against Rs. 97,099—0—9 in the previous year, being an increase of Rs. 51,879-7-8. This increase was chiefly obtained from the sales of timber at the depots.

166. *Excise.*—The demand under this head amounted to Rs. 1,84,433-6-3, the increase over that of the previous year being Rs. 43,105—12—3. The increased consumption of arrack was stimulated by the good prices realized on the coffee crop last season. The quantity issued from the *sudder* distillery amounted to 54,067 gallons as compared with 40,684 in 1886—87.

167. *Miscellaneous Revenue.*—Under the head of "miscellaneous revenue" an increase has been shown under the following heads viz., stamps, registration, post office, law and justice, jails and education.

168. *Stamps.*—The revenue from stamps rose from Rs. 80,450—14—2 to Rs. 88,287—2—5.

169. *Post Office.*—The Post Office receipts show an increase of Rs. 3,971-11-6 as particularized below :—

171. *Income Tax.*—The income tax collections, irrespective of deductions from salaries of officials, amounted to Rs. 10,142—7—1 as compared with Rs. 10,913-4-7 in the year previous.

## REGISTRATION, LAW AND JUSTICE AND JAILS.

172. The receipts under this head are of a fluctuating nature and call for no special remark.

## OUTSTANDING BALANCES.

173. The balance of revenue outstanding under all heads at the close of March 1887 was Rs. 1,99,777—8—10. Deducting from this the sum of Rs. 7,092—5—3 subsequently remitted and struck off the accounts as irrecoverable,

| | | |
|---|---|---|
| the amount actually brought forward was .. | Rs. 1,92,685 | 3 7 |
| making with the demand for 1887—88, viz., .. | „ 8,65,599 | 0 5 |
| a total of Rs. | 10,58,284 | 4 0 |

Of this amount Rs. 8,00,709-15-3 were realized up to 31st March 1888. The balance outstanding on that date includes the two instalments of land revenue payable after the close of the official year viz., April and May, and amounted to Rs. 2,57,574—4—9.

174. The balance was reduced at the close of July 1888 to Rs. 1,00,925-0-4 the greater part remaining viz., Rs. 66,093—8—6, being coffee assessment and sale proceeds of waste lands.

175. *Net Surplus Revenue.*—The gross receipts on account of imperial revenue amounted to Rs. 8,12,171—13—3. The net receipts after deducting refunds and charges against income amounting to Rs. 2,13,662-7-4 aggregate Rs. 5,98,509-5-11. The expenditure charged against net income was Rs. 2,97,980—2—8, leaving a surplus of imperial revenue amounting to Rs. 3,00,529—3—3, as compared with Rs. 1,30,311—7—5 in the previous year.

4583

176. This considerable increase in the amount of the surplus revenue has arisen mainly, as shown in the preceding paragraphs from proceeds of land sales, sales of timber by the Fosest Department and from Excise and stamps. The disbursements to the Post Office, which in 1886—87 amounted to Rs. 53,787—6—8, in consequence of the transfer of Savings Bank transactions from the Sudder Treasury, were reduced to Rs. 14,625—13—4 in the year under report.

177. *Cash Transactions.*—At the close of 1886—87 the cash balance in the Coorg treasuries stood at Rs. 2,69,247—12—3. The net revenue collected, including items of local revenue, amounted to Rs. 6,59,511—11—9. The revenue received, but paid away and charged against income, amounted to Rs. 2,09,989—13—4. Deposits amounted to Rs. 83,339—4—1. Receipts on account of bills drawn on treasuries amounted to Rs. 2,35,304—2—7, of which the sum of Rs. 2,05,328-10-10 represents receipts of the Postal Department on account of Money Orders, Savings Banks, bearing charges, &c.

178. Remittances from other treasuries amounted to Rs. 1,53,500, of which Rs. 1,02,500 consisted of copper and Rs. 51,000 of silver small coins.

179. These sums, with a small amount of refunds made during the year, bring up the total transactions of the Coorg treasuries on the credit side to Rs. 16,11,560—9—9.

180. The disbursements, which included a remittance of Rs. 5,90,000 in currency notes to Madras and Rs. 25,000, being the amount of supply bills drawn on the Coorg Treasury by the Accountant General, Madras, amounted to Rs. 12,38,804—2—10, leaving a cash balance at the close of the year of Rs. 3,72,756—6—11.

## B. REVENUE AND FINANCE, OTHER THAN IMPERIAL.

181. *District Funds.*—The revenue balance of District Funds outstanding at the beginning of the year was Rs. 978—7—8. The demand amounted to Rs. 39,082-9-9 making a total of Rs. 40,061—1—5. Remissions struck off amounted to Rs. 15-5-5 leaving a balance of Rs. 40,045—12—0 for collection. The collections amounted to a sum of Rs. 34,683—15—3, which includes Rs. 883—8—0 collected in advance of the demand for 1888—89, but does not include Rs. 4,338 collected in 1886—87 on account of the demand for 1887—88.

The balance outstanding at the close of the year 1887—88 was therefore Rs. 1,907—4—9 only.

## BIRTHS AND DEATHS.

186. As in past years the number of deaths registered during 1887—88 exceed that of births, and the fact having attracted the attention of the Government of India, the subject has been carefully investigated and discussed.

187. The subjoined figures show the number of births registered during the past 5 years:—

| | Births. | Ratio per mille. |
|---|---|---|
| 1883—84 .. .. .. | 2,394 | .. 13·43 |
| 1884—85 .. .. .. | 2,652 | .. 14·87 |
| 1885—86 .. . .. | 3,118 | .. 17·48 |
| 1886—87 .. .. .. | 2,505 | .. 14·04 |
| 1887—88 .. .. .. | 2,582 | .. 14·48 |

188. The number of deaths for the same period is given below:—

| | Deaths. | Ratio per mille. |
|---|---|---|
| 1883—84 ... ... ... | 3,879 | 21·75 |
| 1884—85 ... ... ... | 2,689 | 15·08 |
| 1885—86 ... ... ... | 2,956 | 16·57 |
| 1886—87 ... ... ... | 3,626 | 20·33 |
| 1887—88 ... ... ... | 3,461 | 19·41 |

189. The registration of vital statistics in Coorg is attended with special difficulties. Villages do not consist of clusters of houses, but the houses of the ryots are for the most part scattered and sequestered among the hills and forests. The duty of collecting the statistics is imposed upon the village patel. Forms are supplied to him in duplicate and these are filled up weekly, and one copy lodged with the Nad Parpattigar. The returns are checked as far as practicable by the Parpattigar and again by the Subedar, and every effort has been made to enforce accuracy.

190. With regard to deaths there is no sufficient reason for assuming them to be very inaccurate. Epidemics of cholera are unknown in Coorg, and though small-pox is a frequent visitor the epidemics are not ordinarily of a virulent type.

191. From the large immigration of coolies every year to the coffee estates, it may be inferred that the death rate would be unfavorably affected, but owing to various causes it has been found impracticable hitherto to obtain regular returns from the superintendents of estates. This defect will, it is hoped, be rectified with the co-operation of the planters who have undertaken to furnish hereafter monthly returns of births and deaths occurring on their estates, on printed forms supplied to them.

192. The mortality among the cooly class is, however, believed to be very small. They are rarely, if ever, accompanied by their wives and families. They are able bodied men, well housed and are provided with skilled medical treatment in most estates. Their employment is for a few months at a time and is in itself a healthy one. These conditions are all in favor of a small amount of mortality among them.

193. With regard to births the accuracy of the returns may well be questioned, but looking to the physical and other conditions above adverted to, as peculiar to Coorg, the difficulty of collecting correct information as to births is greater than in respect of deaths.

194. The ratio per mille of births is remarkably uniform, as shown in the table above, the average for the five years past being 14·86, while the rate for the past year was 14·48 per mille. Notwithstanding this circumstance, it would be right to assume that in a country where the conditions are so favorable to health, the birth ratio must be necessarily higher. The experiment of remunerating the patels by fees has been initiated in the town of Mercara, and the effect of this may be watched with interest.

195. It may perhaps be necessary to advocate the introduction of a measure making the registration of births compulsory, if the suggestions now adopted are not found to ensure more accurate results.

## EMIGRATION.

## MEDICAL RELIEF.

197. The number of patients treated at the Mercara and Virajendrapet hospitals and dispensaries was 15,302, of whom 432 were in-patients. The numbers show a considerable decrease as compared with those of the previous year. This decrease occurred wholly at Mercara, and was due mainly to the necessity of closing the branch dispensary in the town, and to some extent also, to the measures introduced for imposing a charge for medicines when the patients are not paupers. The latter measure has been found unpopular, and has since been withdrawn.

198. Steps have been taken to open dispensaries at Napoklu and Gonicopal. The former will be opened in October 1888, and it is hoped that funds will be available for establishing a dispensary at the latter place next year. A dispensary is also much needed at Somavarpet in North Coorg.

## SANITATION.

199. Measures of conservancy are carried out in the municipal towns, which are five in number. Outside these towns sanitary measures are enforced as far as practicable by the local revenue officers.

## VACCINATION.

200. The total number of cases vaccinated (primary and secondary operations) was 9,278, or 159 in excess of the previous year. The average number of cases vaccinated by the taluk vaccinators was 1,123, being nearly the same as in the previous year.

201. The details of the operations will be found in Statistical Tables V. C. 1—4

202. The number of notices issued under the Act was as follows :—

| | | | |
|---|---|---|---|
| Mercara | .. 97 | Fraserpet .. | .. 30 |
| Virajendrapet | .. 50 | Somavarpet | .. 38 |

Summonses were also taken out in 26 cases, but no fines were inflicted.

203. The total annual cost of the vaccination establishment amounted to Rs. 2,168, of which Rs. 360 were contributed from the Mercara and Virajendrapet municipalities, leaving Rs. 1,808 as the charge debited to general revenues.

206. The Nad primary vernacular schools, in which there was a fall in attendance last year on account of the introduction for the first time of fees, recovered lost ground to some extent, while the fees collected increased by 23 per cent. The average attendance in each of the 55 schools in operation rose from 43 to 45, while the average net cost to Government funds of educating each pupil fell from Rs. 1-13-2 to Rs. 1—12—4.

207. There were 19 scholarships held by old students of the Central School at various colleges in Madras and elsewhere. Of these one graduated in arts, and five passed the First-in-Arts examination of the Madras University.

208. Ten students were presented for the Matriculation examination, of whom two passed. Twenty-eight students passed the Middle School examination.

209. Classified according to race or creed, the 3,764 scholars attending the 74 public schools consisted of—
